5. the act or state of looking out.
6. a watch kept; vigilance; lookout: *a careful outlook to prevent forest fires*.

Outlook Academy Graphic

Our logo is located in the top left corner of the web site. It was originally designed by Michael Coley and modified by Eric Lewis.

The two hills represent an opened book. On (or in) the book is where learning takes place and where the landscape lies. The red schoolhouse reminds us of the old-fashioned one-room schoolhouse, which in modern terms is our own home; as a result, it symbolizes homeschooling. The rising sun represents nature (biology, philosophy) and light (knowledge), and it also plays along side the stars in a way that shows that homeschool, or true learning, takes place day and night. The stars represent math and discovery as well as our dreams for our children and ourselves. The shooting star symbolizes the child leaving home to pursue his or her own dreams and aspirations.
